Principal's Message ...

Dear Students,

Higher Education is witnessing a rapid change in the past couple of years with rapid expansion of both public and private institutions in the field of education. However, mere expansion of higher education will not ensure the socio-economic growth of the country unless the education is quality oriented. It is also a fact that simply being educated does not ensure employability any more unless one is educated as per the demands of trade and industry. Therefore, it is the primary responsibility of both the teachers as well as students that all the teaching-learning activities in the institution are quality oriented and students are equipped to face the challenges of the modern world.

Our college is also marching ahead with the changing times. More and more professional and career oriented courses are being introduced in the college with the help of **UGC** and **RUSA** along with the traditional education so that the students get the maximum exposure right at their doorsteps. The students also need to show their eagerness to make optimum utilization of the available resources. Our emphasis has been to give maximum facilities to students with the available resources and make education learner-centric in an enabling atmosphere. We are committed to cater the large number of rural students belonging to the deprived section of the society with minimum fees and maximum facilities. The all-round development of our citizens can only be achieved by building strong foundations in education. This year will be special for all the students under Dibrugarh University because of the introduction of **CBCS** system which is believed to benefit the students with wider subject options.

Hoping that all the stake-holders of this college will come together to make the educational journey more exciting and fruitful.

Dr. Saumar Jyoti Mahanta, M.Sc, Ph.D.

College Profile

Sibsagar Commerce College was established on 30th June 1969. It was brought under deficit grant- in-aid system by the government of Assam w.e.f. 01-12-1975.

The College has a distinctive position of its own in the field of higher education in upper Assam. It has been playing a significant role in creating the atmosphere among the young generation about trade commerce and Industry.

The Sibsagar Commerce College started its journey with a few students under the principalship of Gauri Bhusan Baruah and flourished in to a full fledged college under the Principalship of Smt. Dipali Chaliha.

After crossing many initial hurdles and milestones, the college crossed another milestone by the end of the year 2003 in the form of NAAC Gradation. The Principal, the teachers', office staff, students, guardians and the alumni were all geared up to face the NAAC peer team (12th & 13th Dec. 2003) & the college was finally awarded with "B" Grade. The latest feather in our cap is the re-accreditation by the NAAC peer team for the second cycle on 26th, 27th & 28th March, 2015 & have been awarded with a "B+" grade.

The college has five major departments offering B.Com Courses such as Banking, Accounting, Human Resource Management, Marketing & E-commerce. The Sibsagar Commerce College has recently introduced M.Com. regular programme under Dibrugarh University in the year 2015 and depicted an outstanding performance through academic results. The college introduced the BCA course under Dibrugarh University from the session 2005-06 and it is running successfully. The BA course with major in Economics and Sociology has been running successfully since the session 2013-14. Apart from this the college is offering Hospitality Management Courses under UGC community college scheme since 2015. It is our pleasure that some other self-financing courses such as PGDCA (Affiliated under Dibrugarh University), Carrier Oriented certificate course- E-commerce, Event Management (UGC Sponsored), and Diploma in GST have been introduced in our college in the recent past. In distance education segment college has two centers namely KKHSOU and Distance Education, Dibrugarh University. Recently college has also established an online examination centre for the benefit of students of Sivasagar District to participate competitive examinations.

Another significant contribution of SCC to the academic pursuit of Assam is that it is hoasting the Rajiv Gandhi Institute of Petroleum Technology, Sivasagar from its first academic session to till date.

The year 2019-20 was very significant for the institution as in 2019 Sibsagar Commerce College crossed a mile stone of 50 years of relentless service to the nation and make it place in the prestigious club of leading institutions of the state.
